CITY COUNCILS.

BOARD OF ALDERMEN.—This Board met last night, and the following communications from the Mayor were received:

The nomination of John S. Williams as commissioner of the northern market, in place of James S. Holland, resigned.

Also, the nomination of Samuel Drury as police magistrate for the fifth ward.

Also, the approval of an act passed on the 30th ult., for the protection of holders of property sold for taxes.

Also, an act to amend an act entitled, An act authorizing certificates of indebtedness to be issued by the corporation, approved January 2, 1861.

Also, an act making an appropriation for certain expenses incurred in the distribution of Potomac water.

The joint resolution which proposes to relieve F. S. Walsh was reported back with an amendment, and adopted as amended.

A bill was introduced, making an appropriation of one hundred and five dollars, for certain expenses at the city yard, which passed.

A bill was introduced, authorizing the erection of Ayres' fire-plugs at certain points on K street north, which passed.

Samuel Drury was confirmed as police magistrate for the fifth ward.

The petition of John B. Kibbey and others was presented, asking the introduction of water into square No. 571.

The Board adjourned.

COMMON COUNCIL.—A letter was received from the Mayor, announcing his approval of certain acts.

A letter was received from the Mayor, enclosing a communication from the commissioner of the northern market. Referred to the Committee on Police.

Mr. Jones presented a memorial from George W. Stewart, asking the return of money erroneously paid for gas taxes; referred to the Committee on Claims.

Mr. Powell introduced a bill authorizing the construction of a drop sewer on the north side of Pennsylvania avenue, between Fourteenth and Fifteenth streets; referred to the Committee on Improvements.

Mr. Edmondson presented a petition from John Thompson, asking to be paid for work done on fire-plugs; referred to the Committee on Drainage and Distribution of Water.

Mr. Van Rensselaer, from the Committee on Improvements, reported adversely on the bill for the relief of property holders on the north front of square 289, and asked to be discharged from its further consideration.

Mr. Edmondson, with a view of cutting off debate, called for the previous question. The Chair (Mr. Powell) would put the motion when he fairly understood the merits of a question of appeal made by Mr. Clark, which was then before the Board.

A few minutes more elapsed, and still Mr. Edmondson's motion had not been put. Mr. E. again reminded the Chair of his motion. The Chair decided that Mr. Clark had the floor, and requested Mr. E. to take his seat.

Mr. E., in the most positive manner, declared that he would not take his seat—he would not be put down in this manner—accompanying the exclamation with the most violent gestures. The member from the second ward had already spoken five times, and the Chairman himself had spoken out of order. Mr. E. here took his seat, evidently much relieved. The question was taken, and the committee was discharged.

Mr. Van Rensselaer, from the Committee on Improvements, reported the bill for the erection of a drop sewer on the north side of Pennsylvania avenue, between Fourteenth and Fifteenth streets, recommending its passage. On motion, the bill was referred back to the committee.

Mr. Edmondson, from the Committee on the Fire Department, presented a bill appropriating \$10 to pay for oil for the use of the Union Fire Company; passed.

Mr. Russell, from the Committee on the Fire Department, reported an act appropriating \$250 for the relief of the American Hook and Ladder Company, as a substitute for the bill already reported; passed.

Mr. Mend presented an act authorizing the erection of a fire-plug at the corner of East Capitol and Third streets east; referred.

Bills from the Board of Aldermen:

An act authorizing special contracts for the erection of fire-plugs on Pennsylvania avenue; referred to the Committee on Drainage and Distribution of Water.

An act authorizing the Mayor to anticipate the revenue of the corporation, to pay for cleaning and watering Pennsylvania avenue between First and Fifteenth streets. The bill was debated at considerable length, Messrs. Morgan, Jones, Clark, Powell, and Edmondson, taking ground in favor of it, and Messrs. Lammond and Mead opposing it. It was then passed, by the following vote:

Yeas.—Messrs. Bryan, Borrows, Clark, Edmondson, Given, Jones, Mohan, Morgan, Ober, Russell, Thomas, and Powell—12.

Nays.—Messrs. Chapin, Emerson, Lammond, Mead, and Van Rensselaer—5.

An act for the relief of assessors; referred to the Committee on Ways and Means.

Acts for the relief of Patrick Gibbon, John W. Carr, and George McClinton, were severally referred to the Committee on Claims.

Joint resolution in favor of Joseph F. Lowry; referred to the Committee on Drainage and Distribution of Water.

Bill for the protection of owners of property sold for taxes; passed.

Act for the relief of Brightwell & Preston; referred to the Claims Committee.

Joint resolution authorizing the Mayor to pay sundry laborers for work done on the water mains; referred to the Drainage Committee.

Joint resolution repealing the proviso to a certain act approved December 17, 1859; referred.

The Board then adjourned.

AN EQUESTRIENNE CLUB.—An equestrienne club has been organized by a party of ladies residing in Washington, including two who reside over the hospitalities of foreign locations. They have pledged themselves to meet, in the saddle, every fair week-day morning, under forfeiture of a quarter eagle for each neglect to appear, which is to be a fund for the relief of the poor. The hour at which the cavalcade is to start is half past six, rather to the annoyance of some of the attendant cavaliers.

ARTILLERY DRILL.—We would state, for the benefit of those persons who may desire to witness it, that the light artillery battalion will drill Mondays, Wednesdays, and Fridays, on the grounds to the left of East Capitol street, about half a mile east of the Capitol, from 10 o'clock A. M. to 12 M.

POLICE REVIEW.—The night and day police, to the number of about one hundred, were drawn up in line, in front of the City Hall, yesterday morning, and reviewed by his Honor, Mayor Berret. The men made a fine appearance. Some disappointment was manifested by those in the Corporation, as not receiving their monthly salary, but being paid day.

Don't forget the concert of Laroque, the Indian songstress, which comes off at Odd Fellows' Hall to-night. It promises to be an exceedingly interesting affair.

CHESAPEAKE AND OHIO CANAL.—Business has commenced this year more favorably than in any previous season, and it might be added, with good hope of continuance. During the winter just closed, the arrivals of boats at the tide-water collection office at Georgetown were two hundred and twenty-five. The tolls collected there last week amounted to a little more than \$5,000, and during the month to between \$10,000 and \$11,000. It is usual to estimate one-third of the Georgetown tolls for the tolls collected at the offices above, which is to be added to the foregoing. These receipts are unprecedented this early in the season. Of course, the largest proportion of tonnage downward was Cumberland coal, but no less than 17,890 barrels of flour have been received during the month. Besides this heavy business in coal and flour, there have been considerable arrivals of corn, wheat, wood, limestone, and the usual articles of canal trade.

A NEW RULE.—The Secretary of the Treasury, in order that the employees of the Department may be able to better attend to their duties, has recently issued an order forbidding persons from visiting the various offices, unless they have Department business to transact.

PUBLIC INSTALLATION.—The officers elect of Good Samaritan Division, Sons of Temperance, will be publicly installed in their offices this evening, at eight o'clock, at Temperance Hall. We understand that several eloquent speakers, from California and other States, will be present, and deliver addresses suitable to the occasion.

ELECTION OF A PASTOR.—The Assembly's (Presbyterian) Church having been without a regular pastor for several months past, in consequence of the Rev. A. G. Carothers having accepted the position of U. S. Consul at Turk's Island, the congregation proceeded to an election, on Sunday night, to fill the vacancy, which resulted in the choice of the Rev. T. B. McFall, late of the Baltimore M. E. Conference. The new pastor is young in years, a thorough scholar, and a pleasing orator. He has been filling the pulpit of this church for several weeks past, during which time he has given the most complete satisfaction.

"LO! THE POOR INDIAN."—At the Thirtieth Street Baptist Church, on Sunday evening, addresses were made in behalf of the Indians by John Beeson, Esq. Judge Dams of Washington Territory, Dr. White, ex-Indian agent in California, and Marshal Thompson, of Pike's Peak, all of whom urged the necessity of taking immediate steps for the civilization and enlightenment of the Indians, and for their protection from villainous traders. Laroque, with her husband, sang in a very touching manner the funeral ode. The exercises were of a very interesting character, and were listened to with much interest by the large audience present.

LOST MONEY RECOVERED.—A few days since, a Mr. John H. Small lost his pocket book, containing about nineteen dollars, on the street, and advertised his loss, offering a reward for its recovery. It appears that an Irishman named John Holohan, who was in company with one of his countrymen, picked it up, and carried it home. Yesterday morning, the comrade of Holohan, having heard of the advertisement, went to Mr. Small, and informed him of the whereabouts of his money, and Mr. Small promised to pay him two dollars and a half in case he recovered it. Holohan was then called on by Small and a friend, accompanied by the person referred to above, and the money demanded, but Holohan denied at first having found it, or of knowing anything about it. After a time, however, he promised to deliver it over, if the parties would go before a magistrate and make oath to the amount, and pay him five dollars, which they reluctantly agreed to do.

The parties then came to Justice Donnan's office, where Small testified to the description of the money. Several other witnesses were sworn, who testified as to Holohan's finding the pocket book. The Justice then requested Holohan to show him the money, in order that he might see whether it was correctly described; but Holohan refused to produce it. The claimant urged that, to save trouble, he should produce the money. Holohan then told them that he had left the money at home, and he would go to jail before he would go after it. The magistrate then made out a commitment, and Holohan was marched off towards the "blue jug."

His wife followed him for some distance, but soon returned to the office, and paid over fifteen dollars of the money to the magistrate. The Justice then demanded the purse and the balance of the money, and the woman, after a great deal of quibbling, succeeded in raising about eighteen dollars and a half, which she paid over to Mr. Small, and the husband was forthwith released.

POLICE MATTERS.—Before Justice Donnan—Detectives Keese and Buehr, and Policemen Gormley, arrested Charles Shorter and John Shepherd, for breaking into the shoe store at the corner of Sixth and D streets, and stealing six pairs of boots. They were committed to jail for a further hearing.

John Casey was arrested by Policeman Carter, for being drunk and disorderly, and was fined \$1.84.

The Pickpocket Case.—"Wit" Rawlings and Robert Williams, who were arrested on Saturday night for taking a sum of money from the pocket of a young man named Norton, at a restaurant on Seventh street, were brought out before Justice Donnan yesterday afternoon, and underwent an examination as to the charge. From the evidence, it appears that Norton fell in company with the accused on the street, and invited them into the restaurant to take a drink. After the party had imbibed at the bar, they went into a back room of the house. A few moments after they had entered the room, those in the bar-room heard some one exclaim, "Take your hands off my pocket! I thought you were my friends," and hastened into the room, when they met the accused coming out. They then observed that Norton's pockets were turned inside out. Both of the accused went out of the door, and returned after a few minutes absence, when they were arrested. The whole party were drunk at the time. Norton now thinks that they got about \$14 or \$15 from him. "Wit" Rawlings was committed to jail to answer the charge, and Williams was dismissed. A bench warrant was issued some time since for the arrest of Rawlings, and in the event of his having been dismissed on this charge, he would have been held on the other warrant.

Before Justice Thompson.—The boy Patrick Diggins and the colored woman Ann Shipley, who were arrested last week on the charge of robbing a trunk in the boarding-house of the Misses Davis of some \$200, were brought before Justice Thompson yesterday morning for a further examination. Miss Eliza Davis and several of the boarders testified as to the circumstances of the robbery, but to nothing that would justify the holding of the accused for trial. The Justice dismissed the case, believing that they were in no way connected with the robbery.

CENTRAL GUARDHOUSE.—Before Justice T. C. Donnan—Mary Robinson and Francis Robinson, vagrants; workhouse 90 days each. Ann Williams, drunk and disorderly; workhouse 90 days.

Connecticut Election.
Hartford, April 1.—At one o'clock, the election was proceeding quietly, and the indications were a Republican triumph.

New London—Republican majority 137, a gain from last year.

Waterford, which was Democratic last year, has gone for the Republicans.

The Chicago Post Office—Alleged Arrears.
Chicago, March 30, 1861.—Thomas P. Shalcross, special agent of the Post Office Department, took charge of the post office in this city to-day, by order of President Lincoln, for causes of alleged arrears and faulty accounts, running through even a longer period than the present quarter.

The city is rife with rumors in regard to the matter. Many of them are doubtless exaggerated.

Depreciation of Illinois Bank Notes.
Chicago, March 30.—The banks here, on Monday, will throw out the notes of thirty-two Illinois banks. These banks have a circulation of about \$35,000,000, based upon Missouri, Tennessee, and Louisiana stocks. At the present market rate of the securities, the notes of these banks are worth 85 to 95 cents on the dollar.

Transporting Federal Troops from Texas.
New Orleans, March 30.—The steamer Contacoalco arrived off Matagorda bay on the 25th, to take away the Federal troops. It is reliably stated that the troops will be landed at New York. A large number of troops were awaiting transportation at Indianola. There were also several companies from San Antonio.

Southern Confederacy Affairs.
Montgomery, April 1.—Active efforts are making to complete the gap in the railway hence to Pensacola, to facilitate the transportation of troops to the Gulf; to be completed in a few days.

Nothing important from Pensacola. It was believed that provisions were scarce at Fort Pickens. Provisions and ammunition are flowing into the Confederate army in great quantities. Two thousand troops are expected at Montgomery this week.

The rumored reinforcement of Fort Pickens is pronounced, by reliable authority, unfounded.

The Virginia Convention.
Richmond, April 1.—James Barbour finished his secession speech to-day.

Mr. Trevelyan followed, favoring an ultimatum by Virginia.

Mr. Montague commenced a speech in favor of secession.

Mr. Southall presented resolutions from a portion of the people of Albemarle, instructing him to vote for secession. He said he was aware there has been a change of sentiment on the part of the people of the county, and when he was convinced a majority of them were that way, he would shape his course to their views.

Resolutions for immediate secession were presented from Bedford, Amelia, and Madison counties.

The Convention adjourned.

Virginia Legislature.
Richmond, April 1.—The Senate agreed to the House amendment, relative to the transfer of the guns from Bellona foundry, the substance of which was given in yesterday's dispatch. Nine Senators protested a protest against the passage of the resolutions into a law. The Senate refused to permit the protest to be entered on the journal.

Homicide.
Norfolk, April 1.—James M. Land and William Grinstead had an affray at a parade at London Bridge, Princess Anne, on Saturday. Grinstead killed Land with a bayonet. Both were respectable farmers, with families.

A NEW SUNDAY PAPER.

THE undersigned will commence the publication of a new weekly paper on Sunday, the 31st of March, in the city of Washington, D. C., to be called the

"SUNDAY MORNING CHRONICLE."

The Chronicle will be entirely independent of party politics, although strongly devoted to the Union of these States. Our object will be to furnish the reading public such a newspaper as, while filling up the vacuum created by the absence of a medium of news on the first day of the week, will contain nothing inconsistent with the Sabbath, and nothing calculated to wound the sensibilities of those who entertain a just prejudice against the reckless and indecent character of the Sunday papers of the great cities. Washington, with a reading population of more than sixty thousand, and at many seasons of the year crowded with strangers from different parts of the country, is probably one of the most interesting fields for the commencement of such an enterprise as ours. It is at this moment the market for the sale of large numbers of periodicals and serials printed elsewhere, and we entertain an undoubting hope that if the pages of the Chronicle are well filled with instructive, agreeable, and clever reading, as well as with the latest general and local intelligence, so important at all times, and so much sought after now; its editorial columns presided over with dignity and ability and devoted to the discussion of every question—domestic, social, political, scientific, and literary—it will be welcomed with a hearty reception, and achieve a permanent success. To this end we have made arrangements with the best journalists to contribute to our columns. Communications have already been received from a number of distinguished writers, North and South, whose names will be duly announced in the first number of the Chronicle. We have also engaged the best talent for the collection of news up to 12 o'clock on Saturday night, including the action of the various Departments, the current events of the city and District, telegraphic dispatches from all parts of the Union, &c.

The Chronicle will be served to subscribers at one dollar and fifty cents per annum, payable in advance. JAMES B. SHERIDAN & CO., Office of the "Sunday Morning Chronicle," Washington Buildings, northeast corner of Pennsylvania avenue and Seventh street.
